

An outstanding lifestyle opportunity awaits

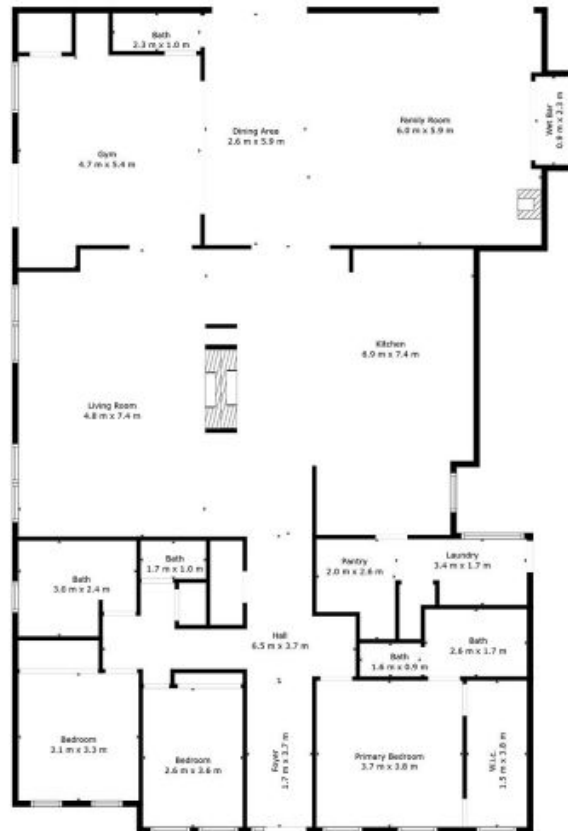

Set on a sprawling 4 acres with an immaculate home, abundant outdoor amenities and a premier location; properties of this proportion and quality rarely come on the market.

Additional internal amenities include a hydronic heating system, split and ducted cooling, ceiling fans in all rooms, and a gym/multi-purpose room with its own external access, ideal for an office or guest suite.

Step outside and you'll continue to see why this property is a showstopper. A newly built magnesium salt pool (10.2m x 4.1m) is self-cleaning and equipped with a shade sail. The fully fenced grounds include two 1-acre paddocks with shelters, a stable, vegetable garden, and olive grove. Meticulous landscaping with
